**AMENDMENTS TO THE SPECIFICATION**

Please amend the second paragraph on Page 2 of the specification (lines 6-12) under the section "Prior Art" as indicated below:

In ~~WO 01/126032~~ WO 01/26032, a 4x4 array of dots is described, and also a 6x6 array of dots, to define a cell. Each cell has its dots at a unique combination of positions in the pattern space so as to locate the cell in the pattern space. The dot pattern of an area of the dot pattern space codes for the position of that area in the overall dot pattern space. The contents of ~~WO 01/126032~~ WO 01/26032 are hereby incorporated by reference, with especial reference to the dot pattern and the pen.
